

# Baffled by Window Coverings?

You can't go wrong with curtains; they add style and personality to any room

Repreve sheers in ivory from Curtain Works gather loosely at the top along a simple pole rod giving definition and height to the window. Plus, the earth-friendly curtains are made from recycled fibers. [www.curtainworks.com](http://www.curtainworks.com) ❖ The shade-drape combo in this sitting room provide the perfect combination for day time light and night time privacy. V2K photo.
